

## **SPECIALIST IS RECOGNISED WITH THE INVESTORS IN PEOPLE AWARD**

***Specialist Training and Consultancy Services Ltd is pleased to announce that it has been recognised as an Investor in People organisation. The IIP recognition was awarded in July following an assessment visit by the Centre for Assessment and Recognition (NW) Ltd. The assessor was particularly pleased to see how “people focused” Specialist was, and in particular the opportunities for staff development that existed. The assessor commented on both the “dynamic team” of staff and their “enthusiasm for their roles.”***

***“As a company, we have always prided ourselves on our people centred approach and we are particularly pleased we gained our IIP recognition in such a short time,” commented MD Tim Barker. “We will continue to maintain and improve our staff involvement processes, partly because it makes Specialist a good place to work, but also because it ensures that we remain an efficient provider of services to our customers.”***

***The Company is committed to IIP for the future and in particular for its new centres being developed around the country.***
